### **Championship Show - 3rd November 2019**

#### **Judge Lesley Childs**

Thank you for giving me the opportunity to judge your dogs. Thank you to the show organizers, my stewards and the Committee.

I must commend all the exhibitors on their sportsmanship. It was a pleasure to judge your dogs. Sadly an out break of Kennel Cough depleted the number of attendees. I was looking for a well balanced hound with correct head proportions and mild appealing expression. With a good length of neck into refined, well laid shoulders with corresponding return of upper arm. With a firm top line and correct tail set. I wanted to clean out and back movement with free ground covering reach and drive. Overall the quality was very good. I did find a few areas of concern. I found some loaded fronts, fronts with very upright shoulders and or short upper arms. I also found some small, deep set eyes and some eyes with very pale eye rims. Both detracted from the mild appealing expression I desired.

#### **MPD 3 (2)**

##### **1. Woodcock's Molesend Verdict At Roddwood BPD, BPIS**

Balanced with well laid back shoulder, firm topline into correct tail set. Good solid bone, plenty of leg under him. Correct head planes and proportions, mild expression. Sound out and back with free side gait.
